INCLUSION STATEMENT

EVERY CHILD HAS THE RIGHT TO PLAY

Everyone is welcome here

We embrace families of all backgrounds and experiences and aim to create a warm, safe space for belonging and involvement.

Every family deserves to be celebrated

We believe every family should feel seen, supported, and connected. Every child has the right to play and be celebrated for who they are.

We are always learning

Our volunteers come from diverse backgrounds and we are learning alongside our members. We know inclusion is ongoing and are open to growing and improving. We welcome opportunities to learn through connection and feedback.

We are committed to inclusion

We listen with openness and act with care. We keep working toward inclusion, connection, and belonging as best we can, always with room to grow.

Inclusion means that our space is for everyone. It is a space where every child can play, every family can connect, and everyone is seen and valued exactly as they are.
